Global leading security services company signs agreement with GWS

GWS Production AB (GWS) in Lund and EOS Risk Group (EOS Risk) in London have signed a global contract. The agreement is initially for a two year period and gives GWS access to customers including the important oil and gas market.

- **We are happy to have yet another well renowned security company selecting our Safeture Pro services to offer to their clients. GWS Safeture Pro services fits well with EOS' risk mitigating services, Andreas Rodman CEO at GWS comments.**

EOS Risk is a leading global professional security services company that was founded in 2004, they provide a comprehensive range of risk services and solutions in analysis, audit, strategy, operations, travel and assistance, founded in 2004.

The Company's global 24/7 Assistance practice, retained by Lloyds of London insurers, is able to respond at any time, anywhere in the world, offering immediate dedicated support to manage crisis or unforeseen events.

The contract between the two companies means a partnership where EOS Risk will offer GWS travel safety Safeture Pro under private label to its customers worldwide. The agreement includes a guaranteed minimum order value of 60000 USD over 2 years.

EOS Risk has an important global network of interesting customers that can lead to continued significant business.

- This is another great step forward for EOS Risk and is aligned with our strategy of combining the cutting edge technology from GWS with our trusted experience in the real world. In addition this continues the convergence of physical and logical security for all of our customers and puts us at the forefront of our industry. David Johnson, CEO EOS Risk comments.
